Project Handover

Bluebeam Studio

Revu comes with powerful document management and real-time collaboration features

Studio Projects give you a single, centralized location to store documents – even entire building projects – in the cloud. Studio Sessions let project teams review, mark up, modify and update the same files at the same time, so partners worldwide can instantly connect on the same set of documents.

Which edition is right for you?

Revu Standard

The essential solution for intuitive PDF markup, editing, and collaboration.

Bluebeam Revu

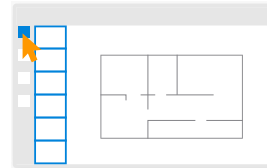

Made for today's design and construction projects

Revu fits seamlessly into your existing workflows, helping you access and share critical project information more efficiently – and complete your projects faster.

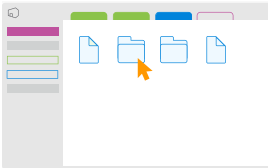

INTUITIVE INTERFACE

The most commonly used tools and commands are right at your fingertips.

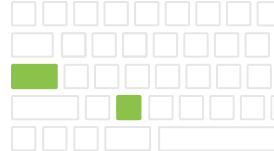

SIMPLE NAVIGATION

Improved panel views give you more room for documents and drawings.

MORE OVERSIGHT

Studio Projects in Revu now let you access files in multiple Projects at once, with a new interface.

FEWER CLICKS

Now you can add custom keyboard shortcuts that you can export and share with your project team.

Licensing Options

Bluebeam Revu is available to purchase on a Perpetual License or as an Open License with an annual subscription. Contact sales.uk@bluebeam.com for more information and pricing.
